## PENGENALAN

Pendidikan di Politeknik mula diperkenal di Malaysia melalui penubuhan Politeknik pertamanya, Politeknik Ungku Omar di Ipoh di bawah Pelan Pembangunan Pertubuhan Bangsa-bangsa Bersatu pada tahun 1969. Pendidikan ini diperkuatkkan dengan perakuan Jawatankuasa Kabinet mengenai pendidikan pada tahun 1979 dan Pelan Induk Perindustrian Kebangsaan Pertama (1985-1995). Kesemua perancangan termasuk perakuan Jawatankuasa Kabinet mengenai latihan (1991), telah membolehkan penubuhan lebih banyak Politeknik serta menambah program pengajian bagi memenuhi keperluan pekerja separa profesional dalam bidang kejuruteraan, perdagangan dan perkhidmatan.

Bagi mengukuhkan peranan Politeknik dalam bidang pendidikan dan latihan, Jemaah Menteri pada 20 November 2009 telah menimbang Memorandum daripada Menteri Pengajian Tinggi (No. 871/2670/2009) dan bersetuju dengan Hala Tuju Transformasi Politeknik yang melibatkan empat teras berikut:

- Memperkasa Politeknik ke arah menjadi pilihan yang setanding dengan Universiti Awam yang lain.
- Membangunkan program pengajian dan penyelidikan dalam bidang tujuan yang bertunjangkan kekuatan di setiap Politeknik.
- Memperkasa warga Politeknik dengan pengetahuan dan kemahiran tinggi.
- Membina imej bereputasi tinggi dan budaya kerja cemerlang.

Kini, Politeknik Malaysia mempunyai 36 buah kampus di seluruh Malaysia. Menjelang tahun 2020, jumlah Politeknik akan bertambah menjadi 40 buah kampus. Ini bersesuaian dengan peningkatan permohonan lepasan SPM ke Politeknik setiap tahun.

## INTRODUCTION

*Polytechnic education began in Malaysia with the establishment of the Ungku Omar Polytechnic, Ipoh in 1969 under the United Nations Development Plan. The need to provide wider access to technical education and training for the country was given prominence by the Cabinet Committee on Education in 1979 and in the First National Industrial Plan (1985-1995). In addition to decisions made by these committees, the Cabinet Committee on Training (1991) paved the way for the significant development in Polytechnic education. As a result, there was an increase in the number of Polytechnics built and these institutions were able to offer more programmes of study to cater for the demands of more semi-professionals in the engineering, commerce and services sectors.*

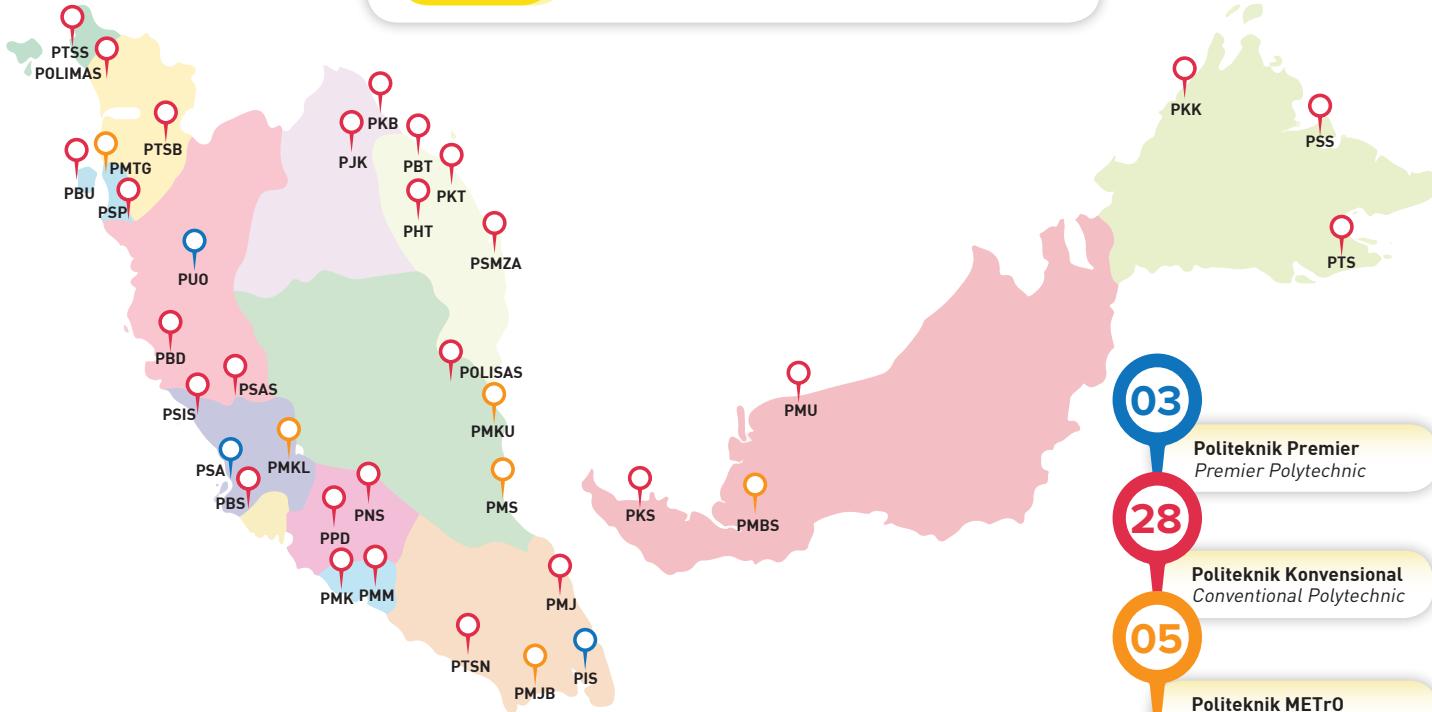

*To further reinforce the role of Polytechnics in education and training, on 20th November 2009 the Cabinet deliberated and approved the Higher Education Memorandum (No. 871/2670/2009) with respect to Polytechnic Transformation comprising the following four thrusts:*

- *Enhancing Polytechnics towards becoming the students' choice and preferred institution that is at par with universities.*
- *Development of programmes and research in niche areas, representing the different strengths of each Polytechnic.*
- *Equipping Polytechnic teaching personnel and support staff with high skills and competency.*
- *Development of an excellent work culture and image.*

*Now, Polytechnics Malaysia has 36 campuses throughout Malaysia. By 2020, the number of Polytechnic will increases to 40 campuses. This is in line with the application of SPM leavers to Polytechnic which increases every year.*
